The Perfect Light Commercial **Mixer Amplifier**

MIXAMP-60

70V Mixer Amplifier with Media Player

The MIXAMP-60 is an all-in-one solution with built-in audio sources and support for multiple inputs, pre-amplifier and mixer power amplifier all in one unit, making it an excellent one-box solution for most typical audio installations.

- Compact Design
- Built-in 70V/100V transformer technology
- Tabletop amplifier with MP3 player, FM radio & Bluetooth
- Antenna included in the box
- 60W Power Output
- Speaker outputs of 70V, 100V, 4 Ohms, 8 Ohms, and 16 Ohms
- MP3 player with USB/SD input on front panel, IR remote control included for MP3 player, FM radio and Bluetooth
- LED indicators for power, clipping, protection and signal
- Mic 1 is a balanced XLR input with configurable phantom power support. Mics 2 & 3 are switchable, unbalanced, removable screw-down Phoenix connectors types and can alternate between microphones or line inputs
- Includes a built-in telephone input with VOX priority and MOH (Music on Hold) output
- Convenient Front-Panel Volume Controls for all physical inputs, MP3/FM, master volume as well as bass/treble
- Line out for use with an optional external amplifier if more power is needed
- Built-in short-circuit, clipping, overload and over-temperature protection
- Rack-mountable with included rack mount ears

Get Streaming Audio with Voice Control with VoicePlay™

VoicePlay App

Available for both iOS and Android

V-KP-1

Amplified Keypad
with Alexa Built-in

Russound's Amplified Keypad with Alexa Built-in. This elegant system features a 2 channel amplifier built directly into the keypad and can deliver crystal clear sound to 2 loudspeakers while being powered via the V-PS-2 60W Power Supply. A New Standard in Outdoor Entertainment

5R82mk2

2-Way OutBack Rock Speakers

The Mark 2 ("mk2") models offer fully updated audio components including a new, larger tweeter, improved crossover, and an extended pole piece on the woofer. All of these features make the mk2 speakers much more musical, adding clarity and detail to the sound as well as widening the sound stage.

Product Page

5R8SUB

Front Firing OutBack Rock Subwoofers

Russound's popular OutBack Rock Speakers have a new family member...the 5R8 Rock Subwoofers. Housed in the same rugged, all-weather multilayered fiberglass housing as their stereo rock speaker cousins, the front-firing 5R8SUB lineup is designed to easily add more bass to your outdoor sound system.

Russound

a sound relationship

Your feedback is important to us

In order to be the best business partner possible and to help us design and build the best products, your feedback is critical.

We have a special email address set up at **ProductIdeas@russound.com** where you can send us comments, feedback, ideas, suggestions, or anything you would like us to know about your interactions with Russound and our products.

Please let us know how we can help you and your business grow and get you the products you need to delight your customers.

A Sound Relationship

Russound offers audio solutions the professionals trust. As one of the first companies to focus on multi-room distributed audio products to make more enjoyable homes, Russound has long been a favorite of audio installation professionals looking for the products and technology needed for them to delight their customers. This would not be possible without our reputation for the finest quality, offering the most important features, and keeping in touch with our customers' expectations throughout the entire process.

Our Core Values

Honest	Responsive	Positive
Consistent	Accountable	Loyal
